SUNMI D3 MINI New

Compact, loaded with features.

reddot winner 2024

58mm version/80mm version

Powered by SUNMI OS | Compatible with SUNMI DMP | Google Mobile Services

80mm version

58mm version

MINI in size, powerful inside.

Speed up your operations with the Qualcomm hexa-core processor, 3GB RAM+32GB ROM. Quick response and cache loading thanks to the high read and write speed of UFS 2.2. 58mm version comes with a built-in battery that features 4-hour runtime.

*Data from SUNMI Lab.

Visually appealing, incorporating ergonomics.

D3 MINI is small in size, light in weight and comes with a 10.1 inch screen and save more space. Its ergonomically inclined main screen is also designed for better user experience.

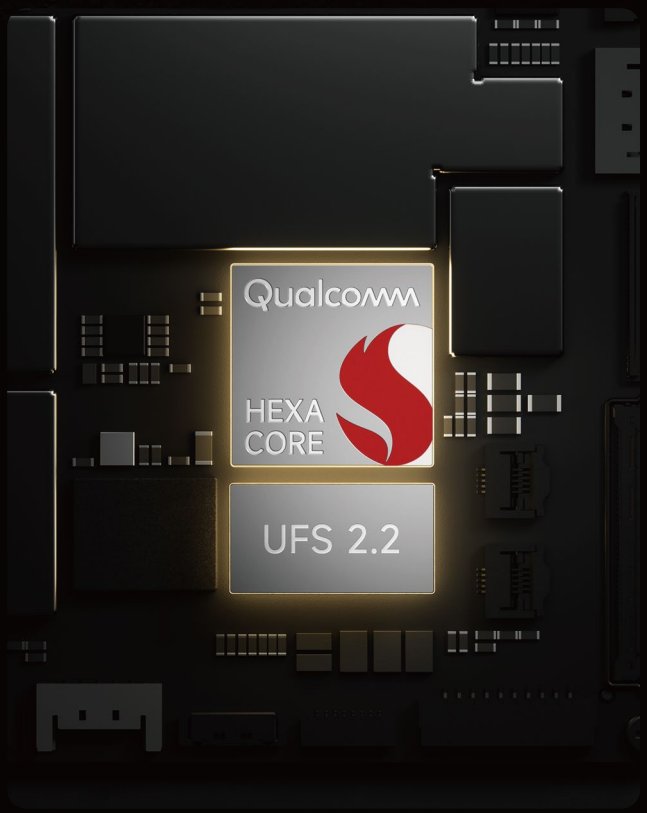

*The degree varies on the 80mm version due to the different printer size.

Reliability and convenience by design.

Easy to remove and maintain with the modular design. Rubber seals added to protect the printer from dust, liquid among other foreign objects.

Have your device tailored to your brand.

Apply your logo and brand color to the device to show your brand personality.
